

IN THE CLAIMS:

Please cancel claims 1-14.

---

Claims 1-14 (Cancelled).

Please add the following claims:

15. (New) A process for presenting insecticide comprising:

a) presenting a base having a plurality of protrusions and at least one elongated channel having a surface formed from said base and extending along said base between said protrusions for receiving and presenting insecticide;

b) inserting an insecticide into said at least one channel so that said insecticide rests in said channel and is exposed.

16. (New) The process as in claim 15, wherein said insecticide is in the form of a gel substance and is injected along an exterior surface of said channel.

17. (New) The process as in claim 15, further comprising the step of placing said base having said insecticide thereon in a region for interaction with an insect so that the insect will have

access to the insecticide.

18. (Now) A process for presenting insecticide comprising the steps of:

(C) 1

- a) presenting a base having a plurality of protrusions and a plurality of elongated indentations extending between at least two of said plurality of protrusions; and
- b) injecting an insecticide into at least one of said plurality of elongated indentations so that said insecticide is disposed on an exterior surface of said base and is freely exposed for interaction with said insects.
